## ABOUT ORGANIZATION:

We are pleased to introduce ourselves as a growing institute in the field of technical education established in the year 2009 and is a part of **Yashoda Shikshan Prasarak Mandal's, Satara**. In a world where technology is changing very fast, it is indeed a challenging task to cater to the needs of industry for proficient manpower. **Satara**, being a new city is filled with potential but an untapped pool of talent. We at **Yashoda Technical Campus, Satara** are working towards polishing this talent with additional values through **various inputs** to bring them out so that they can touch the sky.

Since, its inception college has been experiencing remarkable growth both in quality and quantity. As a part of our continuous strive to bring the top companies Corporates Professional Delegates in the college premises for extra value addition on their talent. The Institution aspires to run along the lines of best – in – the world education and become a world – class institution where teaching – learning process gets a far deeper meaning.

Mr. Dasharath Sagare, a dynamic leader has laid the foundation of this integrated campus where YTC will promote paperless education along with theme of green campus with a motto of imparting quality education to students.

Yashoda Technical Campus (YTC) is accredited from DTE, AICTE and it is affiliated to Shivaji University & BATU and provides hostel and bus facilities effectively. Additional campus facilities such as Auditorium, Canteen, IT and Language Lab, Gym and Medical Facilities.

## CONFERENCE OBJECTIVE:

The Objective of the conference is to bring professional engineers from industry, academics, research organizations and research scholars of matching interests on a common platform to share new ideas, experiences and knowledge in various fields of Engineering and Technology.

The Conference will provide a global platform for researchers, academicians, scientists, practicing engineers and industry professionals to showcase and deliberate about their research work, studies, contributions, developments and new concepts related to the field of Engineering. This conference aims to foster further research relationships between researchers and industry. The event will consist of keynote lectures in various themes by eminent personalities of respective domains, regular sessions of contributed papers and special sessions.

## CALL FOR PAPER:

Original and unpublished high quality research papers are solicited from Academicians, Researchers, Corporate Executives, Industry personal and PG students from different streams of engineering. All submissions to the conference will go through blind review processes by at least two independent peers. All the accepted papers in the conference will be published online with ISSN (2319-300X).
